

West Pymble Netball Club

Filling in the Netball Score Sheet 2014.

1. Managers to pick up the score sheet. The first named team in the fixture book picks up the score sheet at the window in the Complex.
2. Use a black or blue ball point pen (something that will not run if it rains). No pencils.
3. Scoresheets will have team member's names printed on them. If a player's name does not appear this will be because they have not been registered or are a late registration. Please contact the club registrar for clarification.

Every player signs next to their name exactly the same way they signed the signature sheet. If you know a player is not coming, or does not turn up, write 'Absent' next to their name. Managers will be given a copy of the signature sheet.

4. Borrowed players sign at the end with the team number they normally play for written next to their signature.
5. It is the responsibility of the scorers to check signatures of the opposition team. Each team should provide the signature sheet to the opposition scorer to check against. At the end of the game the scorer will sign the scoresheet thus agreeing to the score but that the signatures of the opposition team are correct.
6. The scorers stand together in the middle of the court and score half a game each. **Stay with the scorer from the other team**, when you are not scoring. If you leave the other scorer, you have no recourse at the end of the half or game if there is a discrepancy.
7. Mark off each goal as it occurs with a **line** through the number. Check that you are giving the goal to the correct team. This is particularly important when the teams are playing opposite to the way they are on the score sheet. At the end of each quarter, **circle** the last goal scored.
8. At the end of the game the sheet is signed by the scorers, captains and umpires and the final score entered. The winning team takes the score sheet back to the window.
